RE: Public Records Request

Dear Ms. Ram,

I am writing in response to your request for public records that was initially received on October 26, 2018, and was modified on December 28, 2018. Your modified request is for informational and educational materials distributed in correctional facilities about housing options within the city of Omaha available to inmates post-release.

We estimate that it will take NDCS staff 9 hours to complete your request. In accordance with Neb. Rev. Stat. § 84-712(3), the first four hours of this staff time are provided free of charge. **Additional NDCS staff hours will be charged to you at a rate of \$20.14/hour, for an estimated cost to you of up to \$100.70.**

If you would like to proceed with this request at a cost to you of up to \$100.70, please inform me in writing within ten (10) business days. Given the number of requests we are currently processing, we estimate that we would be able to complete this request within twenty (20) business days of receiving your affirmative response.

Sincerely,

Kathleen Kokensparger
Public Records Manager

Scott R. Frakes, Director
